Message from the Director

I am pleased to provide you with our 2016 Annual Report. The report contains both output and outcome data from our Adult Community Corrections Division, Juvenile Probation Division, Collections Unit and Alcohol Highway Safety Program. Additional data and reports are available on our website at: <http://www.co.venango.pa.us/cssabout.html>

There were several initiatives launched by, or started with the support of the department in 2016 that are noteworthy including the following:

- The Venango County Problem Solving Court was implemented under the direction of President Judge Oliver J. Lobaugh with the first session held in November. A Problem Solving Court Team was assembled earlier in the year and participated in both video trainings and on -site training in Schuylkill County, PA provided by the National Drug Court Institute. A Problem Solving Court Coordinator was hired and assigned to Court Supervision in July.
- Court Supervision submitted an application to the PA Commission on Crime and Delinquency for funding to integrate their adult risk/needs assessment, the Level of Service Inventory-Revised (LSI-R), with their adult case-management system administered by the County Commissioners Association of PA.
- The Juvenile Division began using the UCLA PTSD Reaction Index for Children/Adolescents DSM-5 at the intake level in January of 2016 to conduct a comprehensive evaluation of trauma history and an assessment of stress symptoms for youth entering our juvenile justice system. Later in the year Court Supervision agreed to participate as a research collaborator with Dr. Keith Cruise of Fordham University when he made application to the Office of Juvenile Justice and Delinquency Prevention for funding to perform "Evaluations of Trauma- Informed Care in Juvenile Justice Settings".

As always, I would like to express my appreciation to the Court, Court Supervision Staff, County partners, service providers and all others involved with our mission of protecting the community, holding the offender accountable, restoring the victims, and addressing offender competencies.

MISSION STATEMENT

Court Supervision is a combined juvenile probation and adult intermediate punishment department committed to providing a balanced approach to the administration of justice. Our programs and supervision strategies are designed to protect the community, hold the offender accountable, restore the victim and address offender competencies. We believe that it is imperative to employ evidence-based practices at every stage of the justice process; to collect and analyze the data necessary to measure the results of these efforts; and to strive to continuously improve the quality of our decisions, services and programs.
